1. There are 21 backpacks; each backpack is centered around one topic, and has a color-coded tag.
2. Each backpack contains 3 books pertaining to the backpack topic, as well as a parent folder that is color-coded to match the backpack tag
3. Each book has a paper and/or activity that reinforces the lesson of the book.
4. The parent folder will contain, parent instructions, the parent report, a ‘what you can keep’ and ‘what to return list’, and any activity papers that the child is to complete.
5. In each backpack there are consumable materials that will need to be replaced. All of those materials are in the numbered-color coordinated large Ziploc bags.
6. In each Ziploc bag there is a file pocket folder with all papers. Any assigned activity papers as well as parent reports can be found in here
7. On the front of the file pocket folder, you will find the “Refill/Replace List” that will assist you in replacing any papers/materials that the child is to keep, as well as a list of items that should remain in the backpack for the next child’s use.
8. In each Ziploc bag are all of the consumable materials – items children are to keep as well as an extra set(s) of working materials (crayons/scissors, etc.) to be replaced if they’re lost/ damaged.
9. All consumable material bags are in the large yellow/black crates provided and are in numerical order. The amount of consumable materials per backpack is varied. Take note that you may have several bags with the same number. The pocket-file folder will be in the first bag.
10. Upon the return of the backpack, the parent report will need to be removed and placed in the folders provided to be collected by Connected Kids, Inc. at the end of the school year.
